H. K. Hall, Area Engineer, Houston, Tex.

June 12, 1957

Trigg Twichell, District Engineer, Austin, Tex.

American Canal Co.'s canal near Fulshear, Tex.

Brazos River at Richmond, Tex.

*file*

The contract for operation and maintenance of the Fulshear station was made effective June 15, 1957. If you have not installed the recorder, please make an effort to establish the station by the 15th of June.

Jim Sansom made some minor repairs to the recorder at the Richmond station. If you happen to be near Richmond, please visit the station and check the recorder operation. The chart should be removed.
